### About Stanley's Dream Foundation

Stanley Edwards had a dream: his dream was to attend college. Unlike many 12-year olds, achieving his dream was complicated by the battle he was fighting against brain cancer. A gifted student and promising athlete, Stanley was diagnosed with a brain tumor at age 12. Despite unthinkable obstacles, Stanley persevered toward his dream.

Unexpectedly, in 2001, the Edwards family learned that Stanley's tumor had returned. Stanley passed away in January of 2002 at the age of 14. In a tribute to this courageous young man, his family created Stanley's DREAM to continue his legacy.

Stanley's DREAM has awarded 33 college scholarships to date and will be awarding two additional scholarships in May for 2016. Stanley's DREAM has awarded a total of \$80,000 to the Children's Hospital of Philadelphia & CHOP's Buerger Center for Advanced Pediatric Care.
